

RadChem 2010

Thursday, April 22, 2010

Poster Session - Radiation Chemistry - Gallery (12:00 PM - 1:30 PM)

[id] title	presenter	board
[135] Radiation and chemical durability of actinide crystalline matrices	Dr LIZIN, Andrey	RCH.F01
[356] Behavior of cadmium(II) in irradiated aqueous solutions	Ms DRTINOVA, Barbora	RCH.F02
[357] Radiation chemistry approach to the study of sedimentary microenvironments as models for the protection of bio-organic molecules on the early Earth	Dr NEGRON-MENDOZA, Alicia	RCH.F03
[358] Behavior under γ ; irradiation of single crystals of NaCl doped with divalent cations	Dr NEGRON-MENDOZA, Alicia	RCH.F04
[120] Radiographic effects during self-irradiation of curium intermetallic compounds	Prof. RADCHENKO, Viacheslav	RCH.F05
