

Session Program

9-12 Sept 2024

RADON 2024

Health effects of radon

Faculty of Nuclear Sciences and Physical Engineering, room 103
Břehová 78/7 115 19 Prague 1 Czech Republic GPS. 50.0910372N, 14.4163028E

Tuesday 10 September

09:00

Health effects of radon: Health effects of radon

Session |

Location: Faculty of Nuclear Sciences and Physical Engineering, room 103, Břehová 78/7 115 19 Prague 1 Czech Republic
Republish: 50.0910372N, 14.4163028E Bpchicchio

09:00–09:20

Interaction of radon and smoking on lung cancer risk

Speaker

Ladislav Tomášek

Location

Faculty of Nuclear Sciences and Physical Engineering, room 103, Břehová 78/7 115 19 Prague 1 Czech Republic
 GPS. 50.0910372N, 14.4163028E

09:20–09:40

Lung cancer mortality attributable to residential radon in Germany

Speaker

Dr Felix Heinzl

Location

Faculty of Nuclear Sciences and Physical Engineering, room 103, Břehová 78/7 115 19 Prague 1 Czech Republic
 GPS. 50.0910372N, 14.4163028E

09:40–09:50

Impact of smoking on radon risk in residential areas

Speaker

Dr Terézia Eckertová

Location

Faculty of Nuclear Sciences and Physical Engineering, room 103, Břehová 78/7 115 19 Prague 1 Czech Republic
 GPS. 50.0910372N, 14.4163028E

09:50–10:10

Practical aspects of determining the effective dose from inhalation of radon decay products

Speaker

Petr Otáhal

Location

Faculty of Nuclear Sciences and Physical Engineering, room 103, Břehová 78/7 115 19 Prague 1 Czech Republic
 GPS. 50.0910372N, 14.4163028E

10:10–10:40

Discussion and coffee break

10:40–11:00

Should we re-evaluate radon risk?

Speaker

Peter Bossew

Location

Faculty of Nuclear Sciences and Physical Engineering, room 103, Břehová 78/7 115 19 Prague 1 Czech Republic
 GPS. 50.0910372N, 14.4163028E

11:00–11:30

Discussion: Should we re-evaluate radon risk?

11:30–13:30

Lunch

13:30
