

FuseNet PhD Event 2015

Monday, 16 November 2015

Plenary talks: Keynote by Dr. Richard Pitts (ITER): ITER status and challenges (09:00 - 10:15)

time	[id] title	presenter
09:00	[5] Introduction, info	Dr MLYNÁŘ, Jan

Tuesday, 17 November 2015

Plenary talks: Dr. Jochen Linke (FZ-Julich): Material issues for plasma facing components in future fusion devices - B103 (09:00 - 10:15)

time	[id] title	presenter
09:00	[8] Plenary note on 17th November	Dr MLYNÁŘ, Jan
09:15	[6] Material issues for plasma facing components in future fusion devices	Dr LINKE, Jochen

Plenary talks: Fusion and public communication - B103 (14:30 - 15:40)

time	[id] title	presenter
14:30	[35] Fusion and public communication	Mr CLERY, Daniel Mrs GRIFFITH, Sabina

Plenary talks: Groups presentations on parallel talks and voting - B103 (17:00 - 17:35)

time	[id] title	presenter
17:00	[13] Report to the Plasma Technologies	
17:10	[14] Report to the Plasma accretion near black holes	
17:20	[15] Report to the Magnetosphere of the Earth and other planets	
17:30	[34] Voting	

Plenary talks: Prof. Ambrogio Fasoli (EPFL): Plasma physics challenges for burning plasmas - B103 (17:35 - 18:55)

time	[id] title	presenter
17:35	[16] Plasma physics challenges for burning plasmas	Prof. FASOLI, Ambrogio
